Dear ISHK Supporter,

This letter is being provided to ask your help to enable the Afghan people to survive this most terrible of winters. The deep freeze is a great humanitarian disaster with over 1000 dead, hundreds and hundreds having their feet and hands amputated because of frostbite. Livestock in some regions has been decimated, and help is desperately needed.

Our contact and friend Zaid Siddig has found a reliable organization to whom we can send funds. Here's what he says:

"After doing some investigation I was finally able to find a credible organization which is doing a hell of a job with very meager resources, helping people in the country. The president of the Afghan Red Crescent Society is Mrs. Fatimah Gailani, a very close friend of us and I have full trust in what she is doing.

You will receive a confirmation and thank you note and a summary info where your money was used for in the disaster assistance."

If you, your friends and associates would like to contribute to this effort, please donate to ISHK specifying that the funds are for "Afghan Disaster," and we will ensure that donations are securely wired to Kabul as soon as possible.

Please pass this on to anyone you think might help in this effort.

Thank you,

Sally Mallam
